HYUNDAI recognizes that your vehicle could develop a serious problem requiring immediate repair while away from home and that it may be necessary that the repair be performed by a non-HYUNDAI facility.

HYUNDAI will reimburse you for the fees incurred for such repairs if:

- The repair would normally be covered by the warranties outlined in this Service Passport and
- All HYUNDAI dealerships within 100 km of the breakdown location were closed at the time, or there were no HYUNDAI dealerships within 100 km and
- The vehicle was rendered inoperable, or if attempting to drive the vehicle would cause further damage or be unsafe and
- The repair was necessary to permit you to continue your trip to your destination or your home.

For reimbursement of repair costs, please visit your local HYUNDAI dealership with a copy of the paid invoice, and the replaced part(s). The dealership will reimburse the cost of parts and the labour will be reimbursed based on a geographically-appropriate labour rate for HYUNDAI'S recommended time allowance.

WARRANTY COVERAGE IN THE U.S.A.

The Warranty coverage on your HYUNDAI vehicle is provided by HYUNDAI Canada through authorized Canadian HYUNDAI Dealers. Canadians who are visiting the US or who are temporarily located in the U.S. for business reasons (for a period less than six months) may obtain warranty coverage from a local U.S. HYUNDAI dealer. As Canadian warranty coverage may differ from U.S. warranty, please keep documentation to confirm the original date of purchase of the vehicle, entitlement to warranty coverage, as well as a copy of this Service Passport to indicate the applicable warranty coverage to the U.S. dealer.

Should you have any additional questions regarding the above, please contact us at 1-888-216-2626.

RELOCATING OR EXPORTING YOUR VEHICLE OUTSIDE CANADA

HYUNDAI vehicles sold in Canada are designed to comply with Canadian Motor Vehicle Safety Standards and emissions standards applicable at the time of manufacture. If you plan to export and register your HYUNDAI vehicle in another country, we recommend contacting the HYUNDAI distributor or a Registered Vehicle Import agency in that country to determine the requirements as HYUNDAI Canada does not have this information.

Please be advised that any modifications or alterations to your HYUNDAI deemed required to meet another country's standards may be expensive, and obtaining service for your HYUNDAI vehicle in another country may be difficult.
