What is the H-Factor™? It means you can have it all. Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It’s our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren’t satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany’s world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

That’s the H-Factor™.
Surround yourself with safety.

The Santa Fe is about helping your drive become a safer one. An array of available driver assistance technologies actively scans your surroundings to help keep you safe on your journeys. They’ve been developed to help alert you to, and even avoid, unexpected dangers on the road and include the world’s first available Safe Exit Assist technology.

At the core of the Santa Fe is the SUPERSTRUCTURE™, a state-of-the-art vehicle frame built with our Advanced High-Strength Steel for superior rigidity and strength. In the event that a collision cannot be avoided, this ultra-rigid frame helps protect occupants by absorbing harmful energy and redirecting it away from the passenger compartment. Surround yourself with safety in the 2020 Santa Fe.

Hyundai SmartSense™

Our suite of available Hyundai SmartSense™ safety technologies includes a range of camera, radar and motion detection technologies to provide you with added peace of mind.

Available Safe Exit Assist — world’s first
This feature helps prevent accidents by temporarily locking the rear doors when it detects a vehicle approaching from behind, so that rear passengers can only exit the vehicle when it is safe to do so. It will continue to monitor for up to 10 minutes after the ignition is turned off.

Available Rear Occupant Alert with ultrasonic sensors
The system is designed to help prevent children and pets from being forgotten in the vehicle. It uses ultrasonic sensors to monitor the rear seats; if movement is detected, the driver is alerted with audible and visual cues.

Available Forward Collision-Avoidance Assist with Pedestrian Detection
Available Blind-Spot Collision-Avoidance Assist
Available Rear Cross-Traffic Collision-Avoidance Assist
Available Driver Attention Warning
Available Blind-Spot Collision-Avoidance Assist
Available Rear Cross-Traffic Collision-Avoidance Assist
Available Parking Distance Warning – Reverse
Available Adaptive Cruise Control with traffic stop and go
Available High Beam Assist
Surround yourself with safety.

SANTA FE
Bold design.

The cascading grille is framed by a unique twin headlamp design, comprised of LED daytime running lights positioned above the available LED headlights. The bold design is characterized by a sleek roofline and dynamic side character line running from the headlights to tail lights. Available 19” alloy wheels further enhance its commanding presence on the road.
Elevate your journey with convenient technology.

An abundance of intuitive technology can help you make more out of any excursion, including an available 630-watt Infinity® audio system for incredible surround sound, and an available 8.0" touch-screen with a built-in navigation system that helps guide your way. The available Head-Up Display projects important information like speed, navigation commands and safety warnings on the windshield so you can keep your eyes on the road.

Parking the Santa Fe is a breeze thanks to the available Surround View Monitor, which provides multiple perspectives of the vehicle, including an aerial view. Other available conveniences like rain-sensing wipers, a wireless charging pad and proximity keyless entry with push-button ignition will only add to your comfort and convenience.

Available Head-Up Display

Available Surround View Monitor

Available wireless charging pad®

Standard 7.0" touch-screen display with Apple CarPlay™ and Android Auto™

Available 8.0" touch-screen with navigation system

Available proximity keyless entry

Available 630-watt Infinity® audio system

Available rain-sensing windshield wipers

Available electro-luminescent gauge cluster with 7.0" supervision LCD trip computer

**blueLink®**

Never get into a chilly vehicle again. Among a wealth of features, one of the best offered with our available BlueLink® connected vehicle system is the convenience of starting your vehicle remotely from your smartphone. Please see your dealer for full service-level details.
A level of comfort and luxury you deserve.

The Santa Fe provides generous head, leg and shoulder room so everyone can travel in comfort. The spacious cabin feels even larger when the available panoramic sunroof spans open on a beautiful summer day. Now choose your preferred temperature with available dual-zone control for both driver and front passenger, customize driver seating with the available 12-way power driver’s seats and take command of the road in the luxurious Santa Fe.
Efficiently powerful.

Choose between two powerful and efficient engine options with the Santa Fe. The standard 2.4L GDI engine delivers 185 horsepower and 178 lb-ft of torque. Drivers seeking greater power can opt for the available 2.0L Turbocharged engine to enjoy even more capability, with 3,500 lbs of towing capacity, 235 horsepower and 260 lb-ft of torque. Both options are paired with an 8-speed automatic transmission for smooth shifting and improved fuel efficiency.

Available HTRAC™ All-Wheel Drive (AWD)

This system maximizes driving pleasure and makes performance accessible in even the most demanding conditions. What separates HTRAC™ from competing AWD systems is the ability to choose the traction distribution with HTRAC™ Intelligent Drive Modes. Each mode alters transmission mapping, power distribution, throttle responsiveness and stability control settings. In slippery conditions, the system distributes power to all four wheels automatically.

**COMFORT:** Balanced, helps provide further driver confidence and stable control in all weather conditions.

**SMART:** Fuel conservation, provides improved fuel efficiency by sending power mainly to the front wheels.

**SPORT:** Dynamic control, sends up to 50% torque to the rear wheels for even greater agility.
Colours and wheels

**Exterior colours**

- **Twilight Black**
- **Quartz White**
- **Shimmering Silver**
- **Flame Red**
- **Stormy Sea**
- **Rainforest** (Available on Luxury and Ultimate models only)

**Accessories**

- **Side Steps — Chrome**
  These functional, robust and stylish side steps feature a slip-resistant 5” step area to ease entry and exit.

- **Trailer Hitch**
  Designed to meet your towing needs, a Hyundai hitch can accommodate a wide variety of hitch-mounted accessories.

- **Cross Rails**
  This durable, quick-locking cross rail system lets you transport cargo easily, without sacrificing interior room.

- **Premium All-Weather Floor Liners**
  Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Remove carpet mats prior to installation.

For more information on additional accessories please visit hyundaicanada.com or see your dealer for details.

* Exterior and interior colour options and/or availability by model may change without notice. Choice of interior colour is dependent on model and/or exterior colour selection. Colours shown are for reference only and may vary from the actual hue.

* Available October 2019.
