# The H-Factor.™

What is the H-Factor™? It means you can have it all.

Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It’s our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren’t satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany’s world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

That’s the H-Factor.™

Veloster SUPERSTRUCTURE™ shown,  
made with our Advanced High-Strength Steel.

**3 doors. 1 signature look.** The hidden rear door on the passenger side gives easy access to the rear seat while maintaining the sleek, coupe-style body lines of the Veloster.

## Live loud.

Live loud in the 2020 Veloster. The cutting-edge, asymmetrical 3-door design differentiates it from any other vehicle on the road. What makes this sport coupe such an exciting driving experience? The unique agility of how it takes every curve. The satisfying sporty sound when you hit the gas pedal. Everything about the Veloster will make you want to get behind the wheel.

Live loud.

The VELOSTER.

# Designed to break loose from the pack.

The one-of-a-kind style features a wide cascading grille, standard 18" alloy wheels and a centre exhaust. Available LED headlights emit a strong, focused beam of white light that greatly increases nighttime visibility. LED accents run along the outer edges to accentuate the sculpted bodylines.

# Connectivity at your fingertips.

Standard Apple CarPlay™ and Android Auto™ smartphone connectivity lets you access your favourite mobile apps — music, maps, messages, calling and more — seamlessly and safely, through voice commands and the standard 7.0" or available 8.0" touch-screen display. The available Infinity® sound system delivers plenty of power for your favourite songs with 8 speakers strategically placed around the cabin — including an external amplifier.

Never get into a chilly vehicle again. Among a wealth of features, one of the best in our available BlueLink® technology is the convenience of starting your vehicle remotely from your smartphone\*. Just download the app. Please see your dealer for full service-level details.

# An exciting drive begins in the driver's seat.

Continuing its asymmetrical design into the cabin, the Veloster looks just as good from the inside. A driver-focused interior layout features contrasting finishes in the driver's seat area, and the centre console is strategically placed for optimal access. The standard leather-wrapped heated steering wheel puts more control at your fingertips with mounted audio and cruise control buttons.

# Hyundai SmartSense™

Our available Hyundai SmartSense™ safety technologies are innovative, advanced driver assistance systems that can help alert you to, and even avoid, unexpected dangers on the road.

The 2020 Veloster features two newly available safety technologies. First is the Forward Collision-Avoidance Assist<sup>1</sup> system, which is designed to detect a vehicle and warn the driver of a potential frontal collision. If the driver does not react to avoid impact, the system can apply emergency braking. The second is Lane Departure Warning with Lane Keeping Assist<sup>2</sup>. Drift outside your lane without signalling and this system will alert you with audible and visual cues. If no action is taken, the Lane Keeping Assist system can apply corrective steering assistance to help you remain within the lane.

# Accessories

### Premium All-Weather Floor Liners

Premium all-weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

### Blue LED Footwell Light

Subtle yet sophisticated. Enhance your cabin with blue LED light that bathes the front footwell in ambient light whenever the doors are unlocked, fading out when the engine starts. Set of two.

### Premium All-Weather Cargo Tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

### Rear Bumper Protector Black Film

Protection film easily applies to protect from scratches and scrapes while maintaining the visual appearance of your vehicle.
