A bit about us.

With Hyundai, you can really have it all. Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don't approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It's our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren't satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany's world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.
Fashionably smart.

The 2021 Sonata embraces the aggressive curves and sharp lines of a 4-door coupe while delivering a sleek and modern cabin designed around your every need. Surround yourself with advanced technology like the available 12.3” full digital instrument cluster and a suite of standard and available Hyundai SmartSense™ safety features.

Drive fashionably and drive smart with the Sonata.
Exterior excellence.

Our engineers created an unmistakable lighting signature unique to the Sonata that incorporates the very latest in lighting technology. Formed to the Sonata’s body, the hidden LED daytime running lights appear chrome when turned off, and then dramatically brighten when turned on. The wide, horizontal LED tail lights at the rear connect to the brake lights on each side, creating a striking visual design at night.

Elevated athletic aesthetics paired with 1.6L Turbo models include sport-designed front and rear bumpers, a glossy black mesh front grille and a chrome twin-tip exhaust outlet.
Make yourself comfortable.

Sink into the available plush leather seats and stretch out in the spacious cabin. Setting the bar high in all that it does, the Sonata not only offers available dual-zone automatic climate control for added convenience for the driver and front passenger — this advanced system also allows you to choose between three levels of airflow intensity while the automated system is set, improving overall comfort.

You can also make yourself comfortable with available ventilated front seats to help you escape the heat on hot summer days, all while soaking in the sunshine with the available panoramic sunroof that spans above the cabin.
The 2021 Sonata undoubtedly makes every drive an exceptional one. Step inside and access available personalized profile settings for up to three drivers for ultimate convenience. The technology will keep settings for the driver seat and side mirror positions, multimedia, drive mode, Head-Up Display settings and more, all stored and accessible at the press of a button.

Available 12.3” full digital instrument cluster with Blind View Monitor
Front and centre is the available 12.3” full digital instrument cluster with a confidence-inspiring Blind View Monitor. It provides you with added perspective on the road by streaming a live video of your blind spot when your turn indicator is on.

Available Remote Smart Parking Assist
The Sonata features the segment-exclusive Remote Smart Parking Assist system. This driver assistance technology allows you to remotely move the Sonata when you are outside of the vehicle, a convenient feature when you have passengers or if you have luggage to load in a tight area. Simply use the key fob to move the Sonata forward or backward, into or out of the parking space.

Available Head-Up Display
With the available Head-Up Display, you can keep your attention focused on the road with key information like your speed, the speed limit, notification of whether there is a vehicle in either of your blind spots and navigation commands, all projected within your line of sight.
Connectivity at your fingertips.

Make the most of your drive with seamless connectivity offered by Apple CarPlay™ and Android Auto™. The available high-definition 10.25" touch-screen display offers intuitive smartphone mirroring to access your favourite apps, as well as multiple viewpoints with the 360-degree Surround View Monitor for ease in tight spaces. An available Bose® premium 12-speaker sound system provides the ultimate immersive experience for your favourite music.

Standard Apple CarPlay™ and Android Auto™ smartphone connectivity let you access your favourite mobile apps — music, maps, messages and more — seamlessly and safely through voice commands and the touch-screen display. Preferred, Sport and Luxury models feature convenient wireless connection, no cable required.

Available 10.25" touch-screen display with Surround View Monitor and navigation system

Standard 8.0" touch-screen display
Available Bose® premium audio with 12 speakers

Available interior ambient lighting
Available wireless charging pad*
Our suite of available Hyundai SmartSense™ safety features includes a range of camera, radar and motion detection technologies to provide you with added peace of mind. The 2021 Sonata features some of the latest innovative safety technologies in the industry, including available Highway Driving Assist with Highway Auto Curve Slowdown. When actively engaged with both Adaptive Cruise Control with traffic stop and go and Lane Following Assist, this semi-autonomous driving technology helps keep you centred in your lane and travelling at a safe distance behind the vehicle ahead, can help ensure you drive at the specified speed limit and can also automatically slow down the speed of the vehicle before entering a highway curve section for extra safety.

**Standard features:**
- Forward Collision-Avoidance Assist with Pedestrian, Cyclist and Junction-Turning Detection
- Blind-Spot Collision-Avoidance Assist
- Rear Cross-Traffic Collision-Avoidance Assist
- Lane Following Assist
- Lane Departure Warning with Lane Keeping Assist
- High Beam Assist
- Safe Exit Warning
- Rear Occupant Alert
- Driver Attention Warning

**Available features:**
- Highway Driving Assist with Highway Auto Curve Slowdown
- Blind View Monitor
- Parking Collision-Avoidance Assist – Reverse
- Surround View Monitor
- Adaptive Cruise Control with traffic stop and go
- Surround View Monitor
Ultimate convenience. Ultimate connectivity.

Bluelink® is our connected vehicle system that is available throughout our vehicle lineup. The advanced system conveniently keeps you connected with your Hyundai via the smartphone app, and offers a suite of services at the press of a button. Visit hyundaicanada.com/bluelink or see your dealer for more information on the complete list of innovative features that Bluelink® puts at your fingertips.

Remote heated front seats
When equipped with Bluelink®, the 2021 Sonata also features remote access from your smartphone to turn on the heated front seats — perfect for cold winter mornings.
Find the SONATA that is right for you.

- Adaptive Cruise Control with traffic stop and go
- Electronic Parking Brake with Automatic Vehicle Hold
- Rearview camera
- Tire Pressure Monitoring System
- Airbags (9) – driver’s knee (1), front impact (2), front seat-mounted side impact (2), rear passenger side impact (2), front/rear side impact curtains (2)

**Standard 2.5L Smartstream GDI**

- 191 horsepowe
- 181 lb-ft torque

**Available 1.6L Turbocharged Smartstream GDI**

- 180 horsepowe
- 195 lb-ft torque

The standard 2.5L Smartstream 4-cylinder engine delivers 191 horsepower and 181 lb-ft of torque, providing excellent mid-range power for easy drivability.

If you’re looking for sportier performance, choose the available Turbocharged 1.6L Smartstream 4-cylinder engine, which delivers 180 horsepower and produces 195 lb-ft of torque at a low 1,500 rpm for enhanced acceleration and response.

Both engines are mated to a smooth-shifting 8-speed automatic transmission with shift-by-wire technology, so you can effortlessly change gears at the press of a button.
Colours and wheels.

- 18" alloy wheel Standard on Luxury and Ultimate models
- 19" alloy wheel Standard on Sport model

*Exterior and interior colour options and/or availability may change without notice. Choice of interior colour is dependent on model and/or exterior colour selection. Colours shown are for reference only and may vary from the actual hue. Visit hyundaicanada.com or see your dealer for details.
Accessories.

**Accessory frame**
An accessory frame makes it quick and easy to attach hitch-mounted cargo equipment, such as bikes and ski racks. Frame not intended for towing.

**Winter wheel and tire packages**
Winter tires have specialized rubber and tread to handle the cold temperatures, resulting in better traction, handling and braking. Mount your tires on a set of Hyundai steel wheels and spare your alloy wheels from the corrosion caused by salt and slush.

**Premium all-weather cargo tray**
Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

**Premium all-weather floor liners**
Premium all-weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

For more information on additional accessories, please visit hyundaicanada.com or see your dealer for details.
