

ELANTRA Hybrid

2022

Because of you.

At Hyundai, we believe that only with you in mind will we be able to provide progress, innovation, sustainability and mobility that evolves the driving experience.

We prioritize research and development in connected and clean mobility solutions, continuing to push boundaries and challenge conventional thinking to bring you a connected experience and a sustainable vision for the future.

We are inspired to build platforms and technology that provide you with more ways to enjoy quality time with our vehicles. To live a comfortable and connected life where you enjoy the journey, not just the destination.

We also tailor our vehicles with features that meet the demands of our Canadian landscape, so you can take on our extreme winters and amazing summers in comfort and with confidence. And, of course, we back our vehicles with one of the best automotive warranties in the industry.

We do all of this because of you.

Discover the ELANTRA Hybrid.

The ELANTRA Hybrid maximizes fuel efficiency with its full-parallel hybrid drive system — it runs either on a gasoline internal combustion engine, an electric motor or both. Travel up to 955 kilometres on a single tank of gas^.

1.6L GDI engine

The ELANTRA Hybrid pairs a standard Smartstream 1.6L 4-cylinder engine with a 32 kW electric motor for a combined 139 horsepower and 195 lb.-ft. of torque.

Lithium-ion polymer battery

The 1.32 kWh battery is placed at the bottom of the rear seat to allow for uncompromised trunk space.

Regenerative braking system

During deceleration, kinetic energy is converted into electrical energy to charge the battery, and the charged battery is used during normal driving to improve energy efficiency.

Independent multi-link rear suspension

The standard multi-link independent rear suspension helps keep your ride smooth.

Looks that go the distance.

From every angle the ELANTRA Hybrid delivers a sporty and striking look. Bold, converging character lines create a unique three-dimensional presence along the side. A dominant bold grille up front seamlessly integrates into the headlight architecture, and the sleek-edged trunk lid further adds to the confident appearance.

Standard LED daytime running lights

Standard LED tail lights

Standard 16" alloy wheels

Designed around you.

Elevate your drive with the wraparound, driver-centric design of the ELANTRA Hybrid. The sleek touch-screen display is tilted 10 degrees towards the driver, giving better sightlines and access from behind the wheel. Enjoy every moment of the drive with an available power sunroof to brighten the cabin and let in a breath of fresh air.

Accessories.

Plastic hood protector

Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

Cargo net

A custom-fit cargo net ensures everything you're transporting remains organized and in place by preventing items from sliding around.

Cargo tray

Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray.

Mud guard kit

Custom-fit mud guards help keep the dirt and debris of everyday driving where it belongs.

Side visors

Complement your vehicle with a sleek and durable set of side visors that will help reduce glare while providing you with fresh air. Custom-made for your vehicle using high-quality reinforced tinted acrylic plastic, these visors will look good on your vehicle for years to come.

Premium all-weather floor liners

Premium all-weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.
