

IONIQ 6

2023

The future of electrification is streamlined.

IONIQ 6 is designed and engineered to seamlessly enhance your daily lives as a space to bring some WAH to your drive. With an aerodynamic streamlined silhouette, mindful cocoon-like interior and available personalized features such as EV Performance Tune-Up, IONIQ 6 redefines the boundaries of electric mobility.

Ambient lighting may not be exactly as shown.

Inspired by streamliners, powered by the future.

The aesthetic and function blend harmoniously in the streamlined silhouette of the first-ever all-electric IONIQ 6. Its single-curved aerodynamic design minimizes air resistance, increases efficiency and provides a smooth and dynamic driving experience.

Serious curve appeal.

Parametric pixel LED headlights

Available 20" alloy wheels

New Hyundai emblem

Parametric pixel centre high-mounted stop lamp (CHMSL)

Parametric pixel LED tail lights

Active Grille Shutters

A mindful living space.

IONIQ 6's cocoon-shaped interior creates a comfortable hideaway with ample space, user-considered architecture and driver-centric features.

A room to make your own.

Interactive Pixel Lights / Interactive LED lights

The 4-dot Interactive Pixel Lights on the steering wheel and LED lights on the crash pad indicate the car's diverse status (welcome/goodbye, voice recognition and drive modes).

■ ■ ■ ■ Eco □ □ □ □ Normal ■ ■ ■ ■ Sport

Button-less slim door / Available dual colour ambient lighting

The buttons from the front doors were moved to the centre console to provide more room and storage. The dual colour ambient lighting installed in the upper and lower door trims can be selected from 64 colours or six dual colour themes to suit the driver's mood.

■ ■ Healing forest ■ ■ Concentration ■ ■ Wonderful day ■ ■ Mind care ■ ■ Meditation ■ ■ Creative mode

Bridge-type centre console

Transparent materials / In-car storage

Column-mounted shift-by-wire

Integrated dual 12.3-inch displays

Available wide sunroof

The performance is electric.

Enjoy the driving performance of the IONIQ 6, designed to satisfy drivers' needs.

Electric

168 kW or 239 kW

Standard single motor RWD,
optional dual motor AWD

Standard long-range

battery

Ultra-fast charging:

10-80% in
18 minutes[‡]

Up to

581 km

all-electric driving range[^]

Available HTRAC™ All-Wheel Drive with Snow mode

Take on winter with confidence by activating the available Snow mode. This intuitive traction feature can distinguish between packed and deep snow conditions on the road and adjust traction accordingly for optimal grip to improve handling during winter driving.

EV Performance Tune-Up

The driver can adjust motor power, acceleration sensitivity, steering effort and driveline mode* to meet their driving style.

Available Electric Active Sound Design (e-ASD)

The IONIQ 6 enhances driving pleasure by offering spaceship-like virtual driving sounds.

Available Speed Sync Lighting

The brightness of the front cabin lighting shifts from 10% at 30 km/h to 100% at 100 km/h, providing a dynamic driving experience.

Standard Battery Temperature Management System

Beneficial for Canadian winters, this system helps ensure battery performance does not suffer at low temperatures. It will pre-warm the battery while the vehicle is connected to the charger to help maximize performance and minimize cold temperature range loss.

Standard Heat Pump System

Helps reduce loss of electric driving range in cold winter weather. The standard system absorbs external heat energy and converts it to cabin heating, therefore requiring less energy usage by the HVAC system.

[^]Preferred RWD model. [‡]When using a 350 kW DC fast charger. ^{*}Only applicable to AWD models.

Streamlined and smart.

IONIQ 6 offers advanced technologies and conveniences like available self-parking that provide you with a wide range of enhanced experiences.

OTA (Over-the-Air) Software Updates

We will make sure that you're always up-to-date with the latest vehicle software through the convenience of automatic updates.

Available Vehicle-to-load (V2L)

V2L is the innovative feature of IONIQ 6 that allows you to plug in electrical devices and appliances into the power outlet from inside or outside** of your car. General electric power (110 V/220 V) is provided inside and outside. Supply power is steady at 1.9 kW.

Integrated display

The 12.3" digital cluster and the 12.3" infotainment touch-screen are integrated into a single screen for a wider view with easy access to all essential information.

Available premium Bose® sound system

Available head-up display

Standard heated steering wheel and front seats

Standard proximity hands-free trunk

Available Remote Smart Parking Assist

Standard rapid wireless device charging

**Requires an accessory adaptor.

The drive to sustainability.

Like you, the IONIQ 6 is environmentally responsible. You'll find sustainable materials throughout both the interior and exterior of the vehicle — including eco-processed leather seats, recycled plastic bottle-sourced fabric, bio paint derived from vegetable oils and recycled fish net carpeting.

Available eco-processed leather

The leather used for the seats was processed in an eco-friendly manner through the use of flaxseed oil extract.

BIO-TPO crash pad

Eco-friendly fibres from thread extracted from sugar cane are used in the crash pad.

Bio paint

The dashboard and door trims are coated in a special bio paint made with rapeseed flowers and corn extracts.

BIO-PET yarn headlining

The material of the headliner uses eco-friendly fibres extracted from sugar cane.

Recycled fish net carpeting and car mats

The carpet and car mats in the IONIQ 6 are made from used fish nets.

Ultimate convenience. Ultimate connectivity.

The IONIQ 6 offers standard Bluelink[®], our connected vehicle system that conveniently keeps you connected with your Hyundai via the smartphone app and offers a suite of services at the press of a button.

This innovative connected system gives you the ability to remotely lock/unlock and start your vehicle, adjust climate controls, check charge status or available battery range and keep track of your vehicle's health with smart diagnostic tools. You can even start and stop charging remotely.

Preferred Long Range RWD

Standard equipment includes:

Performance features:

- 168 kW electric motor
+ 77.4 kWh lithium-ion high-voltage battery
- EV ultra-fast charger
- Heat Pump System and Battery Temperature Management System
- Shift-by-wire gear selector
- Drive Mode Select
- Regenerative braking system with steering wheel-mounted paddles
- Independent front suspension; multi-link rear suspension
- 4-wheel disc brakes
- Electronic parking brake with automatic vehicle hold

Exterior features:

- 18" alloy wheels
- Auto flush door handles
- Proximity key with push-button start
- LED headlights (low & high)
- LED daytime running lights
- LED tail lights
- LED mirror-mounted turn signals
- Heated power-folding electric side mirrors
- Rear spoiler with CHMSL
- Shark fin antenna
- Solar control glass

Interior features:

- 12.3" electroluminescent gauge cluster with EV technology display
- 12.3" navigation system with EV technology functions
- Proximity smart key system
- Heated front seats
- Leather-wrapped heated steering wheel
- Cloth seats
- Front seatback pockets (2)
- 8-way adjustable power driver's seat & 2-way lumbar support
- 6-way adjustable manual passenger's seat with height adjuster
- Power windows with driver's auto up/down
- Dual-zone automatic climate control with Driver Only mode
- Illuminated vanity mirrors and sunvisor extensions
- LED interior overhead lighting
- Apple CarPlay™ and Android Auto™
- SiriusXM™ satellite radio, HD radio
- Bluelink® connected vehicle system
- 2x front USB ports & 12 V outlet
- 2x rear USB ports
- Over-the-air (OTA) update capability
- Rear HVAC vents
- Proximity hands-free smart trunk
- Steering wheel LED system
- Rapid wireless device charging (15 W)

Safety features:

- Vehicle Stability Management and Electronic Stability Control and Traction Control System
- Hill-start Assist Control and Downhill Brake Control
- Regenerative braking system with Anti-lock Braking System
- Blind-Spot Collision Warning (BCW)
- Rear Cross-Traffic Collision-Avoidance Assist (RCCA)
- Forward Collision-Avoidance Assist with Car, Pedestrian, Cyclist and Junction-Turning Detection
- Lane Keeping Assist (LKA)
- Adaptive Cruise Control with traffic stop and go (ACC)
- Highway Driving Assist (HDA)
- Intelligent Speed Limit Assist (ISLA)
- Rear Occupant Alert - door logic type (ROA)
- Tire Pressure Monitoring System (TPMS)
- Rear seatbelt reminder
- Rearview camera with dynamic guidelines
- Safe Exit Warning (SEW)
- Parking Distance Warning – Reverse
- Tire mobility kit (TMK)

Optional:

- All-Wheel Drive dual motors
- 239 kW electric motor
+ 77.4 kWh lithium-ion high-voltage battery

Preferred Long Range AWD with Ultimate Package

Includes Preferred Long Range AWD standard equipment plus:

Exterior features:

- 20" alloy wheels
- Power sunroof (wide-type)
- Rain-sensing windshield wipers

Safety features:

- Highway Driving Assist II
- Remote Smart Parking Assist II
- Blind-Spot Collision-Avoidance Assist (BCA)
- Parking Collision-Avoidance Assist – Front/Side/Rear
- Surround view monitor (SVM)
- Blind View Monitor (BVM)
- Forward Collision-Avoidance Assist 2 with Junction-Crossing Detection
- Parking Distance Warning – Forward/Reverse

Interior features:

- Bose premium audio with 8 speakers
- Speed-sensitive dual ambient lighting (64 dual colours)
- Leatherette seats
- Power passenger's seat with lumbar adjuster
- Driver's seat integrated memory system
- Ventilated front seats
- Heated rear seats
- Auto-dimming inside rearview mirror with HomeLink®
- Premium door sill plates
- Power windows with front auto up/down
- Head-up display (HUD)
- Two-way onboard charger (V2L) on rear seat
- Metal pedals
- Electric Active Sound Design (e-ASD)

Accessories.

Premium all-weather floor liners
Elevate your vehicle's interior with these custom fit liners that provide maximum coverage and feature raised edges to contain spills, dirt and debris. The textured surface provides extra grip for added safety while driving.

Premium all-weather cargo tray
Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

Mud guard kit
Custom-fit mud guards help keep the dirt and debris of everyday driving where they belong.

Side visors
Complement your vehicle with a sleek and durable set of side visors that will help reduce glare while providing you with fresh air. Custom-made for your vehicle using high-quality, reinforced tinted acrylic plastic, these visors will look good on your vehicle for years to come.

Plastic hood protector
Help prevent dents and scratches caused by road and vehicle debris with an attractive plastic hood protector.

Rear bumper protector black film
Protection film easily applies to protect from scratches and scrapes while maintaining the visual appearance of your vehicle.

Wheel storage bags
Ergonomic handles for easy and comfortable wheel carrying. Wheel position indicators on each bag, pockets for wheel nuts. Wheel storage bags can carry wheels up to 30 kg and close securely with heavy duty Velcro.

Wheel lock nuts — closed style
Help protect your valuable wheels and tires from theft with a set of Hyundai wheel lock nuts.
